29. Conference Host’s Handbook Project – Judith Saxton

JS presented her report on the Conference Host Handbook revision and update, and she proposed changes and clarifications to the ITG Conference comp. chart as that document assigns financial responsibility to either the Conference Host or ITG. This chart, for this reason, is a crucial document needing board approval for the updated Conference Host Handbook to go forward. In-depth discussion ensued following her report. The comp chart represents exactly what the Conference host and ITG is financially responsible for. This financial chart gives the clearest picture we have of the nuts and bolts of running a conference and what needs to be covered financially by whom. There were many items of discussion including that the Conference Advisory Board should be called the

Conference Advisory Committee.

The next **DVD/CD project** was discussed with a decision for Pat Harbison to put together a “where are they now” compilation of past conference jazz solo competition winners’ current recordings.
